Old Nick Village ethos

Old Nick Village is an experiential space that promotes fine craftsmanship, art, design and creative enterprise.

We are aware of our proximity to nature and our unique position as custodians to one of the few cape farm complexes in Plettenberg bay that is open to the public.

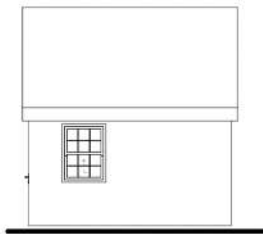

We highlight extraordinary and inspiring connection between unique crafts, innovative manufacture and contemporary artistic design.

An independent stone building steeped in history and charm.

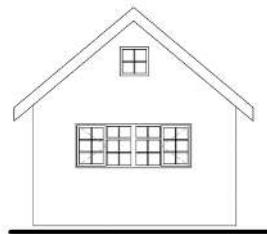

Set in one of the restored 19th century stone buildings, it features a terracotta tiled floor and volumous peaked roof. Surrounded by lush gardens and pathways for visitors.
